

Great News!

We are pleased to announce a new program for our members under two years old.

Beginning August 1, 2023, parents of children who receive all recommended vaccines by the age of two will automatically receive a **\$125 Walmart gift card!**

Schedule an appointment with your child's doctor to find out if his or her shots are up to date. Children who are missing shots can get them during that visit. The gift card will automatically be sent once vaccinations are complete.

Ensure your child is fully vaccinated today!

For questions about this program, contact Stacy Eason, LPN
